Lord Ronaldshay, the late Governor of Bengal, writes (under date 20-8-'23) :—'I much obliged to you for sending me a copy.....I look forward to reading it with interest.'

THE IMAGE OF TRUE SWARAJYA!

Varma's Labour Problem and Its Complete Solution.

Indispensable Guide for all Students of Politics, Statesmen, and Patriots—whoever may seek to enquire wherein the present-day "systems" of "Modern Civilisation" are fundamentally wrong, and how they may be corrected by applying Socialistic checks, such as were prescribed in the ancient Indo-Aryan Polity.

[Price **Rs. 3/-...Foreign s. 7/6, $2.**

Some bits from Press Echoes—

Vedic Magazine.—'A most remarkable book. The learned author exposes the iniquities of the capitalistic system and pleads for an equitable distribution of wealth. He advocates the revival of the spirit of ancient Varan Baiwastha, and is strongly in favour of the creation of a class of Brahmans—learned men vowed to a life of voluntary poverty, supreme unselfishness and absolutely disinterested service of humanity and entrusting them with the supreme direction of national affairs in every civilized country.

Calcutta Review.—'The author is to be congratulated...thoughtful book...would be profitable reading to any Indian...All honour to those who work with a mission of truth and hope.'

United India, Pondichery.—'...Is a notable contribution.....The words deserve to be written in golden letters...thoroughly original and deserves special attention of all well-wishers of humanity.....'

The Bombay Chronicle.—'...One more attempt to solve that 'shifting, intractable and interwoven tangle of conflicting interests and antagonistic faiths', that is veiled under the easy name of the labour problems.....'

The Modern Review.—'...The author seems to possess an acute mind and to have read widely on the subject he deals with.....'

The "Hindusthan" Bombay.—'Labour Problem has been looming large in our mind to-day more than any other problem.....That cancer of the World Capitalism is the root cause of the world troubles and a proper solution of the Labour Problem is the only panacea to cure that disease that is eating into the very vitals of society. Here is made an attempt to discuss the labour problems in the light of Indian conditions and socialistic or rather communistic principles. That enhances the value of the work...Indians may well benefit themselves by a perusal of the work...for a satisfactory solution.....'
